

RightBreathe Website Quick User Guide – For patients, parents and carers. A free to use website.

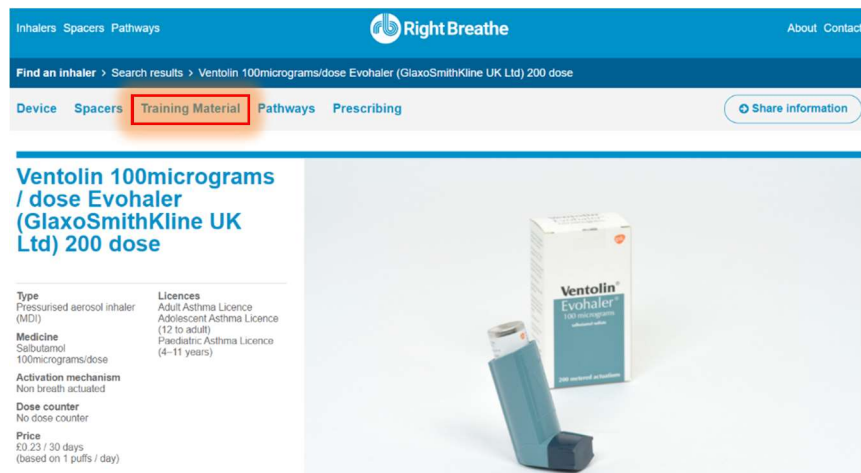

To access the resources, first visit [RightBreathe](https://www.rightbreathe.org.uk). You can also download the **free** app, search 'RightBreathe' on the Apple App store , or the Google Play store (please see separate quick user guide).

Above is the homepage, here you can navigate to all the available information. To access the inhaler resources, click on inhalers.

You can search for the inhaler you need help with, either by brand or drug name. For this example, we have chosen Salbutamol. Scroll down to find the correct inhaler.

Double check you have selected the correct inhaler. Select 'Training Material'.

Training material

Here you will find video links (above is an example of the salbutamol training material). Click the play button on the website and the educational video will commence.

You can also access precautions, side effect information, spacers and how to use them as you scroll up and down the page.
