

New Agreement coming soon - Minor Works and Maintenance DPS

Following the closure of the Minor Works DPS the Estates, Facilities & Professional Services Team have taken the opportunity to merge Minor Works and Building Engineering Management agreements which were managed on Constructionline into a new Dynamic Purchasing System (DPS) for the supply, install and maintenance of plant and other minor works. The DPS will be managed internally by LPP and will initially cover the following categories which will be released in three waves to manage the on-boarding of suppliers. Wave 1 is currently open for applications from suppliers and is due to go live from the beginning of June. Wave 2 and 3 will be released in the upcoming months.

If you are interested in learning more about this new agreement or would like to add any additional categories please contact LPPEFPS@lpp.nhs.uk

Wave 1	Wave 2	Wave 3
